Take following text and rephrase it in positive language:

It would not be a good idea to have an English-only fallback list, because the Esperanto community is very diverse and international.

Therefore, this list contains the family names of famous deceased people who were in some way important to Esperanto and its community.

Most Esperanto speakers will recognize at least some of them.

The list contains 100 family names from multiple languages.

Having an English-only fallback list might not be the best approach, considering the rich diversity and international nature of the Esperanto community. Hence, this list includes the surnames of renowned individuals who have contributed significantly to Esperanto and its community, even after their passing. Many Esperanto speakers will likely be familiar with a number of these names. The list encompasses 100 family names originating from various languages.

more positive

Embracing the wonderful diversity and international essence of the Esperanto community, it's recommended to have a versatile fallback list that goes beyond just English. This list celebrates the legacy of influential figures connected to Esperanto and its community who have left a lasting impact. Numerous Esperanto speakers will have the joy of recognizing many of these names. The compilation comprises 100 family names representing a variety of languages.

shorten it a bit

Celebrating the vibrant diversity of the Esperanto community, a versatile fallback list is advised, transcending language barriers. This list honors the legacies of impactful individuals connected to Esperanto, recognized and appreciated by countless Esperanto speakers. Comprising 100 family names from diverse languages, it truly unites.
